Collier County Sheriff's Office
PRESENT:
Inmate Behavior Management 14J3401
May 5-8, 2014
at Southwest Florida Public Service Academy
4312 Michigan Avenue, Fort Myers, FL 33905**

► **Who Should Attend:**

Three person teams consisting of (1) the jail administrator, (2) the person in charge of the security staff, and (3) the person in charge of the inmate classification system.

► **Course Description:**

This 32-hour program teaches participants the information and skills necessary to develop a formal plan to manage inmate behavior in their respective jails. It presents the six components of the inmate behavior management strategy as follows:

- Assessing the risks and needs each inmate presents (inmate classification).
- Developing an inmate housing plan.
- Meeting basic inmate needs.
- Defining and conveying expectations for inmate behavior.
- Supervising inmates.
- Keeping inmates productively occupied.

For each component, participants are taught why the component is essential to the plan, the elements of the component and the implementation strategies. Participants work within their agency teams to assess where their jail currently stands in relation to each component and what improvements need to be made. Participants also identify the support, training, and other resources necessary to develop and implement an inmate behavior management strategy.

► **Cost and Logistics:**

NIC provides the trainers, curricula, and training materials for partnership programs. There are no fees for registration, tuition, or materials associated with the training. However, please note that individuals who attend (or their employing agencies) are responsible for travel, lodging, and meal expenses associated with attending the program.

The program is conducted at the Southwest Florida Public Service Academy (see address in heading) and begins each day at 8:00 AM and concludes at 5:00 PM.
